

WELCOME TO OUR TECHNOLOGICAL WORLD OF EVENTS

WWW.TSE.COM.PL

- Over 20 years of experience,
- over 500 productions annually,
- the position of a leader in the industry.

We provide modern audiovisual solutions. We specialize in lighting, multimedia, sound, stage structures.

We provide technical services for conferences, special events, fashion shows, concerts, open-air festivals and TV programs.

We treat each production individually and with commitment. We invest in people, technology and equipment.

We are a creative and reliable technological partner at every event.

LIGHTING

LIGHTING

We know everything about professional stage and television light.

We are proud of thousands of prestigious projects and cooperation with the best light designers.

We prepare detailed **CAD drawings**, **Depence visualisations**, preprogramming and **WYSWIG** files for our clients

We work with such brands as **Clay Paky**, **Robe**, **Ayrton**, **MA Lighting** and others.

PROFESSIONAL MULTIMEDIA SOLUTIONS

PROFESSIONAL MULTIMEDIA SOLUTIONS

We work on **Disguise** servers, **Notch** programmes, **BLACK TRAX** System.
We use **Lightware**, **AnalogWay** and **Barco** switching equipment.

The possibilities are limited only by imagination!

We are able to plan the most complicated concept and implement it effectively.

Effects we create:

- multimedia stage design
- 3D mapping
- mapping on moving items
- large format screenings
- 3D perspective illusion
- holographic projections

SOUND

SOUND

Sound systems of all power and size!

We have specialist knowledge and top-class sound technology devices that guarantee professional service for each event.

We have the ability to provide sound for hotel meetings, conferences, hall concerts and huge outdoor festivals.

Branded equipment from **L'acoustics (Kara II, Kiva II)** **Yamaha**, **Shure** and **Sennheiser** allow us to meet the riders of the world's greatest artists successfully.

CONFERENCES & CONGRESSES

CONFERENCES & CONGRESSES

When organizing conferences or congresses, the **smallest details are important**, so we always pay special attention to:

- a) balanced lighting of participants so that photo-video materials are top-quality
- b) elegant, non-overwhelming multimedia,
- c) we offer high-quality **4K laser projection**,
- d) we adjust the appropriate type of sound,
- e) small pitch LED screens

A very important aspect of the events implementation is the **personal culture** and **impeccable presence** of employees, as well as **safety** and **aesthetics** of work.

TV PRODUCTIONS

TV PRODUCTIONS

Television productions are made on the basis of the latest lighting and multimedia solutions.

The specificity of "on live" work requires 100% **efficiency of the equipment** and an **experienced technical team**.

We also work with TV stations on the production of many music and sports events that are reported or broadcast live, e.g. **Rrd Bull X-Fighters**, Polish Music **OPole Festival**, **Eurovision** Music Contest.

GALAS & PREMIERES

Galas & Premieres, Fashion Shows

We constantly **follow the trends** to be able to offer the latest lighting, multimedia and sound solutions, enabling the creation of original and effective projects.

Our offer includes modern and high-class LED screens, LED curtains, multimedia and lighting systems, thanks to which we create unique shows. Our experienced **producers** and **engineers** take care of every element of the event and also its **safety**.

Our hardware novelties will ensure a "wow" effect at any event.

CONCERTS & FESTIVALS

Concerts & Festivals

The concert is not only about stars and music - it's a great show now. Great sound and unique visual effects are important elements of a successful concert.

You will get it in the highest quality, because we meet the technical requirements of the world's greatest artists. We also provide the stage structures and external roofing for the concerts. We have prepared shows of: **Elton John, Sting, Black Eyed Peas, Queen & Adam Lambert, Joe Cocker, Scorpions, Armin Van Buren, Daft Punk, Andrea Bocelli, David Guetta.**

We also support many regular festivals; Film Music Festival in Krakow, SunRise, **AirBeatOne** Festival, **Fest Festival**, **Super Bloom** and many more.

TRADE FAIRS & EXHIBITIONS

The image shows a modern exhibition booth. The main feature is a large digital screen displaying a world map with glowing blue lines connecting various points, symbolizing global connectivity. The word 'Connections' is prominently displayed in large, white, 3D letters across the screen. Above it, the word 'RELIABLE' is written in smaller, red, 3D letters. To the right of the screen, there is a white wall with a blue and yellow light fixture. In the foreground, there are white, curved tables and benches. The overall lighting is blue and white, creating a high-tech, professional atmosphere.

Trade Fairs & Exhibitions

The creative use of event technology contributes to the unique character of each stand.

In cooperation with designers and architects we provide the concept of the stand. We are able to build one, starting with aluminum trusses, ending with sophisticated multimedia solutions. For e.g. LED floors, touch screens and many more attractive and interactive multimedia proposals.

SPORT EVENTS

Sport Events

These are very specific projects, where, on the one hand, the technique must remain in the shadows and not disturb the athletes, and on the other hand, it must provide excellent reception for the gathered audience and viewers in front of TV sets.

We provide not only lighting, sound or **modern multimedia services**, but we create the whole show which is essential element of sport events.
